

Logbook 2

Meeting No: 02

Date:2026/03/14

Start Time:10:00 AM

End Time:10:30 AM

Items Discussed:

- Presented the progress made since the previous meeting.
- Demonstrated the Employer Dashboard, explaining how employers can manage job postings and view relevant system information.
- Demonstrated the Freelancer Dashboard, highlighting features that allow freelancers to view available jobs and manage their profile activities.
- Explained the overall dashboard structure, navigation flow, and user interface design implemented for both types of users.
- Discussed how the dashboard components connect with the backend to retrieve and display dynamic data.
- Reviewed the implementation approach and discussed improvements for enhancing usability and functionality.

Achievements:

- Successfully developed and implemented the Employer Dashboard.
- Successfully developed and implemented the Freelancer Dashboard.
- Established the basic navigation structure for both user roles.
- Demonstrated the functionality and received feedback on the design and structure.

Problem (if any):

- Minor UI alignment adjustments were required during development, but they were resolved successfully.

Tasks for Next Meeting :

- Develop Job Application feature for freelancers.
- Improve UI responsiveness and user experience across dashboard pages.
